Guided
Life Care Planning Services

Life Care Planner Job Description

Job Overview:

Guided Life Care Planning Services (GLCPS) was recently awarded a BPA for Life Care Planning. We are very pleased to be [illegible] participate in such a worthwhile and much needed program. GLCPS to invite you to join our [illegible]ving team as an independent contractor.

Life care planners use recommendations provided by physicians to determine the cost of a patient's care. They also develop patient support systems, taking into consideration a client's level of impairment and age. On an average day, life care planners can spend a majority of their time with patient, vocational counselor, or other allied health professional. The other part of the day may be devoted to record-keeping and developmental tasks.

Life care planners must have extensive knowledge in both the medical and legal fields, which can help them determine the cost of services and equipment as well as payouts associated with work-related or other injuries. Interpersonal skills are key, as life planners must often communicate with seriously injured or ill patients on a daily basis.

Required experience:

- Active and good standing Certified Life Care Planner Certification (CLCP)
- 5 years relevant experience
- Must be capable of working remotely
- Master's degree in a relevant discipline

1. At least five years of direct experience providing vocational rehabilitation services to individuals with disabilities, health care
2. Current national certification as either a Occupational Therapist (OTR), Certified Rehabilitation Counselor (CRC) by the Commission on Rehabilitation Counselor Certification (CRCC), or National certification as a Fellow or Diplomat by the American Board of Vocational Experts (ABVE), and
3. Meet the continuing educational requirements of their national certifications from either the CLCP

We are looking for a limited number of experienced Life Care Planners. GLCPS is vetted on the local, state and federal levels. Our team members are nationally board certified CRC, CCM, CLCP, OTs and we hope that you will consider becoming a part of our growing LCP team. If you are interested please forward your availability, copies of your credentials, resume, CV, references for review to info@guidedlifecare.com
